## GENERAL INFORMATION

China and Russia enjoy progressive cooperation which includes multiple cultural activities and people-to-people exchanges aimed to deepen the understanding and friendship between the two countries. In order to enhance collaboration between our countries, and to promote research and technological innovation and economic modernization, ASRTU decided to take part in co-organization of **the Forum of Young Scientists on Materials Science and Processing Technology**. We are looking forward to the active participation of the scientists from both countries in the Forum.

**The Forum of Young Scientists on Materials Science and Processing Technology** is being organized with an aim to provide a venue for academics, researchers and engineers to meet and present their papers on recent advances and exchange information on all aspects of Materials Science and Technology.

The forum will be held in **Kazan, Russia on October 12-16, 2020**.

## SCOPE OF THE FORUM

The forum will cover various aspects of the development and application of Materials Science and Technology.

Oral and poster presentations on the variety of topics will be included in the forum program. The Organizing Committee invites **the young scientists and researchers from the area of materials science and technology to deliver presentations at the forum.**

## FORUM PARTICIPANTS

We welcome 1-2 young scientists/researchers **under the age of 35** from the ASRTU member and observer universities who do research in various aspects of **Materials Science and Technology**, to attend the Forum of Young Scientists on Materials Science and Processing Technology.

## FORUM TOPICS

- Material Science and Engineering
- Composite Materials
