People of PSU

"When people are considering studying abroad, I say 'Just do it!' I come from Seoul, South Korea and seen so much. You can expand your sight, experience so much different things, and build your mind/knowledge stronger. Why would you want to stay at home? The world is huge, and the people here are so open-minded. I live in Willard Hall and they are always so energetic and friendly to others." [#PeopleofPSU](#)
